About the Ford

With a MOT valid until March 2026, this 2021 Ford Transit Custom 300 Limited is ready to go. As a van with a 2.0L diesel engine and Euro 6 emission class, this vehicle combines practicality with efficiency. The Limited trim adds a touch of refinement to this workhorse.

Equipped with front and rear parking aid, including front fog lamps and parking assistance sensors, manoeuvring is made easier. The inclusion of front manual air conditioning and heated driver and passenger seats ensures a comfortable environment, no matter the weather. With partial service history, this Transit Custom has been maintained to a good standard. The fuel economy is a real plus, offering around 45 mpg, which means fewer trips to the pump and more money in your pocket compared to similar vehicles.
